OSI Digital Pvt Ltd Experience

OSI Digital is a global leader in offering expert business and technology solutions across industries that accelerate digital transformation for customers.

Aurobindo Pharma Limited

Associate Lead Business Analyst – On-site   Apr-2022 – Till Date

Working on-site (client facing) in Hyderabad city head office of **Aurobindo Pharma Limited** which has diversified business operations in Pharmaceuticals, Mining, imports, exports and large presence in real estate & infrastructure operations and so on. The roll involves support, testing, rollouts activities in EBS applications like PO, Inv and OM with India Localization to support (16 Ledgers, 73 O.Us, 300+ IOs).

Quess IT Satffing, Bangalore (Hitachi Vantara)

NETSCOUT Systems, Inc – EBS Enterprise Command Center (ECC-V6) implementation

Lead Consultant – Offshore   Aug 2021 – Dec 2021

- NETSCOUT Systems, Inc. is a provider of application and network performance management products. Headquartered in Westford, Massachusetts, NETSCOUT serves enterprises community, government agencies and telecommunications service providers.
- Configured and trained Business users on **ECC (Enterprise Command Centers)** for Oracle Inventory Management (INV), Incentive Compensation (OIC) and Finance (AP, AR & Assets) dash boards - Oracle ECC-V6 during system upgrade to EBS 12.2.10 version.
  - Assigning roles to seeded and custom responsibilities
  - Assigning respective permission set grants to the added roles
  - Running initial data full load programs
  - Scheduling incremental load programs
  - Demonstration and training ECC feature to client users
  - TAR management with Oracle support
  - Successful upgrade went live on 16th November 2021
  - Post Go-Live support

Schroders Plc. – Fusion Cloud Procurement Implementation

Lead Consultant – Offshore   May 2021 –Jul 2021

- Schroders plc, UK is a British multinational asset management company, founded in 1804.
- Joined for Phase – 3 roll out of Cloud Financials and Procurement to 23 Business Units across globe.
- Schroders used Rapid4Cloud (R4C) tool for roll out where we have to verify the configuration extracts by R4C tool with SIT, UAT, Prod and BR-100 to eliminate the configurations of previous Business units that are live already.
- Resolution of defects and mapping additional/change requirements in SIT and UAT.
- The project went live on 05-Jul-2021 successfully without major issues.

Nintendo US – Business Systems Analyst (BSA)

Senior Consultant – Offshore   Sep 2019 – Apr 2020

Nintendo is a well-known game designer producing video games and game consoles. Nintendo of America, or NOA, is the American division of Nintendo located in Redmond, Washington,

I worked as offshore BSA to support on site BSAs on all SCM, P2P and other tracks. Enhancements and reports testing, Defects resolution, TAR management

Eurostar International Ltd - Rollout of Purchasing and iProcurement

Senior Consultant – Offshore   Mar 2019 - Aug 2019

Eurostar International UK Operating Unit (O.U) roll out to France Operating Unit. I handled PO, iProcurement, Sourcing and Inventory applications rollout. I did this successfully in a month. The project was challenging due to aggressive timelines and lack of previous documentation. Lot of manual setups in (approval groups, assignments, expense account rules, Smart forms, Category mapping, etc.,) were done manually as automation tools were not allowed in remote desktop by client. Setups and testing in Dev & Test instances and detail documentation done.

Wolseley UK - Fusion Cloud Procurement Implementation

Senior Consultant – Offshore   Jun 2018 – Jan 2019

Wolseley UK is the UK operating company of Ferguson plc, the world's leading specialist distributor of plumbing and heating products. Worked as offshore procurement functional consultant during implementation in following activities.

- Conversion of suppliers, BPAs and POs – data validation and rectification
- Defects resolution and mapping additional/change requirements.
- Test scripts, user manuals and custom reports
- PO & Supplier UI customizations through Page Composer
- Numerous critical SRs management
- Application configuration & BR-100 management
- PO document approvals

Guardant Health - Fusion Cloud Procurement Implementation

Senior Consultant – Offshore   Mar 2018 – Apr 2018

Guardant Health is a pioneer in non-invasive cancer diagnostics, I worked briefly as a procurement consultant preparing training documents, test scripts etc.

Hitachi Capital -Source to Settle - Fusion Cloud Procurement Implementation

Senior Consultant – Offshore   Jan 2018 – May 2018

Hitachi Capital (UK) PLC is a leading financial services company in UK serving over a million customers. I was responsible for the procurement track coordinating with on-site consultant in design, develop and testing phases. I also had to learn, configure, test and implement **Oracle Invoice Imaging** application besides complex Requisition approvals and invoice approvals apart from procurement configuration and UI personalization's through **Page Composer**. Had to handle lot of Service Requests.

Bechtel Digital Supply Chain Project (DSC) – EBS Procurement Implementation

Senior Consultant – Offshore   Jan 2017 – Dec 2017

- Worked as offsite procurement functional consultant. Bechtel DSCP Wave 2, 3, 4 and 5 has many custom components spanning Oracle EBS 12.2.6 version applications like Project iProcurement, Purchasing, Inventory, Order management, Financials, Projects, Supplier Qualifications, iSupplier Portal many other third party systems.
- Understand FDDs and create the scenarios that align with test cases to help developers to understand and develop the inbound & outbound interfaces, personalization's, DFFs, lookups, alerts and reports. Work with Oracle via Service Requests (SR) to resolve product related bugs.

- Help developers to perform unit tests in Dev environment. Perform Component Verification Test (CVT) of developed components in CVT instance, working with developers to fix defects and retest the components to make them defect free as per the design. Used SOAPUI tool to simulate the third party systems for testing.
- Document the testing and transition them to Bechtel support team, visited Bechtel IT center in **Delhi** to conduct UAT sessions.

Oracle Fusion Cloud Procurement Practice

- Practiced some of Oracle Fusion Cloud procurement applications like Self-service Procurement, Purchasing, and Sourcing. Transaction cycles on procure to pay processes, configuring a procurement BU and perform P2P transactions, etc.

AMS Clients – Singapore Food Industries Ltd (SFI), Mount Alvernia Hospital (MAH) Singapore, POKKA Corporation (Singapore) Pte Ltd, Alrajhi Bank Malaysia, Clopay Garage Doors USA, PotashCorp Canada

Senior Consultant – Offshore   Jul 2011 – Oct 2016

- AMS, upgrade, testing and rollout EBS projects.
- Responding to clients as and when they encounter issue(s), incident acknowledgment, **Nshore** tool ticket creation.
- Resolved operations & configuration issues pertaining to PO, Inv, AP, iProc and OM
- Coordinating with Oracle Support in resolution of complex issues – **TAR** management
- Design and develop the enhancements as per client requirements like new reports, enhancements to old reports, approval hierarchies and form personalization
- Worked on **roll outs** with existing clients apart from regular support issues
- **Upgrade** on-site consultant for MAH, Singapore in an upgrade project from 11.5.10.2 to 12.2.3
- **Technologies**: Oracle Applications –PO, Inv, AP, OM, AOL , iProc, GL, AP, AR, FA, PA

Marvel Solutions LLC Dubai & Marvel Erp Solutions India Ltd, Hyderabad, India

P2P Functional Consultant – On Site   Apr 2005 to Feb 2008

                                                                                                                                      Feb 2010 to Apr-2011

- Worked as on site consultant in both implementation and support roles
  - **GHMC** Implementation, Hyderabad, Govt. of Andhra Pradesh   Sep 2005 to May 2006
  - **Alibinali,** Doha-Qatar   Jun 2006 to Jul 2006
  - **RIAB** Implementation, Thiruvananthapuram, Govt. of Kerala   Sep 2006 to May 2007
  - **Al Meraikhi Industrial Complex,** Abu Dhabi support   Aug 2007 to Oct 2007
  - **Rasis** Developers Implementation – Dubai, U.A.E   Nov 2007 to Feb 2008
  - **Al Masaood Group**, Abu Dhabi, U.A.E, multiple rollouts   Feb 2010 to Apr 2011
